## Deep Diving Award Recommendation of Branch Diving Officer

Deep diving is a potentially hazardous activity that requires the appropriate level of experience and training, as well as an adequate level of mental and physical fitness. If you, as the Branch Diving Officer, consider that the candidate should work on any aspects of his/her diving before enrolling on this course, please discuss this with the candidate. You are not doing anyone any favour by recommending a candidate who is not ready for the course. If you are confident in the candidates abilities, then please complete the form below.

**(Note acting BDOs should have this form countersigned by Regional Coach)**
