

Dive the Blue Planet With Regal

THE RED Sea is undoubtedly the most popular dive destination for UK divers and it is the ideal place to learn. But for qualified divers there are plenty of other affordable options where diving and hotels are in fact cheaper.

Regaldive offers diving holidays to over 20 destinations from the Maldives to Mozambique, from the Galapagos to Gozo. Here are a few examples:

Manado, North Sulawesi

This relatively undiscovered diving destination offers a greater variety of fish and coral species than anywhere in the world, including pilot whales, spinner dolphins, black and white banded sea snakes. The house reef offers some excellent night-diving opportunities and is home to pygmy sea horses. A 10 day itinerary will cost from £949pp

including flights, nine nights' accommodation (with half board on diving days) and two dives per day for five days.

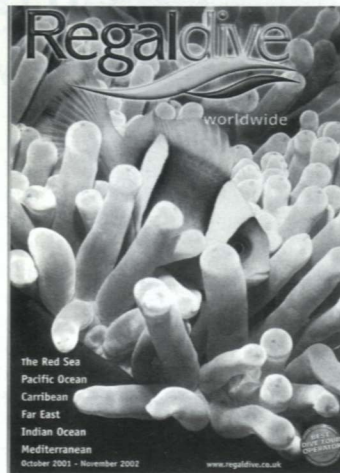

Tobago

Also in the Caribbean, the nutrient-rich waters around Tobago attract a wide variety of species, including manta rays, tarpon and dolphins.

There is also a wide variety of coral species, including the world's largest brain coral. Prices for a week's diving holiday start at £949 including flights from London Gatwick, seven nights' B&B accommodation, transfers and a five-day dive package.

Cuba

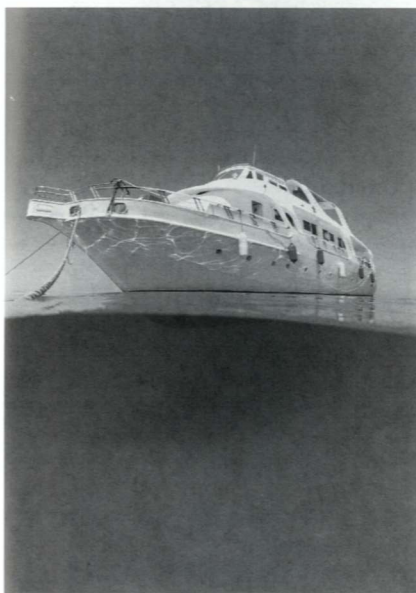

A week in Maria la Gorda, a dive site on the western tip of Cuba, which has been designated an

UNESCO World Heritage site, will cost from £1059 per person (based on two people sharing), including flights from Heathrow, seven-nights' accommodation (full board while diving), transfers and a five-day dive pack.
